

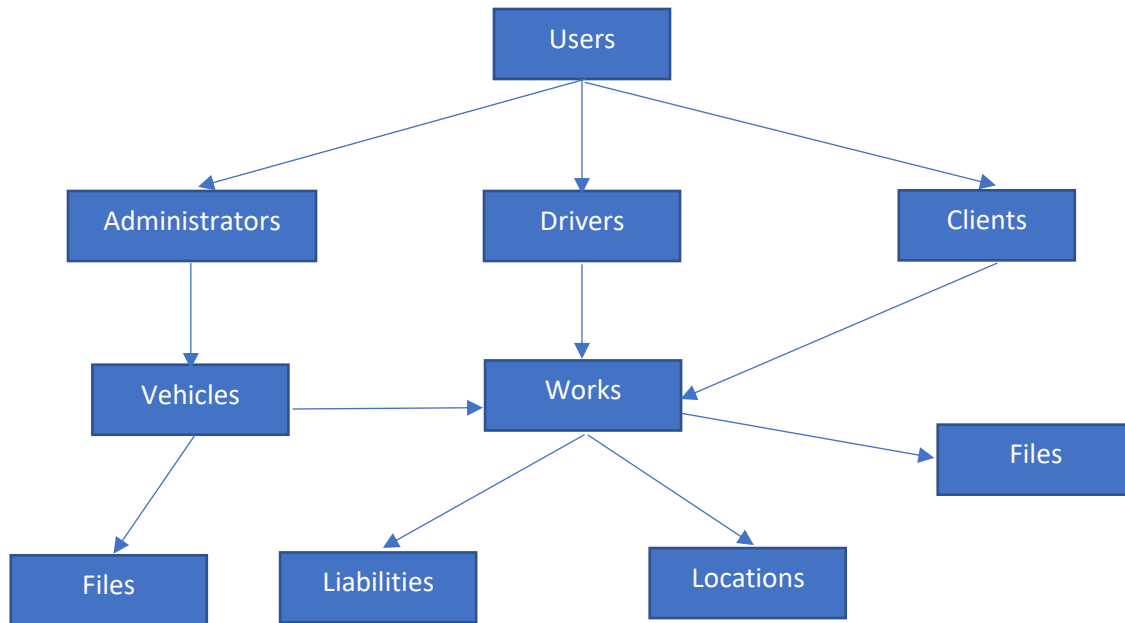

## MAP IT GO DATA STRUCTURE

### Entity and Relationship Diagram:

### Data by Module:

- **Users**
  - Name
  - Email
  - Password
  - Phone
  - Address
  - Driver's License Number
  - Expiration Day
  - Issuing State
  - License image
  - Medical card image
  - SSN XXX-XX-XXXX
  - Day of Birth MM/DD/YYYY
  - User type

- **Vehicles**

- Number vehicle
- Other ID
- Make
- Model
- Year
- Capacity
- Type
- Driver
- No. plate
- Oregon Weight

- **Works**

- Broker
- Driver
- Vehicle
- Days
- Driver salary x day
- Wages
- Total liabilities
- Total driver
- Assets gross
- Total after deduct
- Address 1
- Address 1 contact
- Date Time pick up
- Address 2
- Address 2 contact
- Date Time drop
- Description
- State work

- **Liabilities**

- Work id
- Liability type
- Liability
- Description
- Total liability

- **Locations**

- Work id
- Location
- Comments

- **Files**

- Work id
- File, pdf, image, etc.
